THE TENBY SCHOOL ASSOCIATION

The Association is a non-profit-making body whose aim is to provide a sound primary education in English. It is intended especially to cater for the needs of temporary residents in Perak whose children are likely to complete their schooling within the British system, and to offer an environment which will enable the child to make the eventual transfer to a preparatory or junior school. We also welcome Malaysian children whose parents wish them to have an initial grounding in English.

Great importance is naturally attached to a thorough training in the "three Rs", and to the development of manual and physical dexterity through handicrafts, physical training and dancing. History, Geography, etc. form part of the curriculum, which is designed to widen the child's cultural horizon, stimulate curiosity and steadily encourage the reading habit.

The House system is a significant feature of school life, and children are encouraged to take pride in working well as a contribution to their house.

The premises are light and spacious; the large garden serves not only as a playground but occasionally as an outdoor classroom.

As far as possible staffing appointments are made with the objects both of maintaining a high standard of qualified instruction and of keeping class numbers small.

A deposit of \$200 per family will be payable on enrolment. \$240 per term for a child attending Class I and Class II and \$300 per term for a child attending (morning and afternoon school) — Classes III and IV.
